

## LITERACY

In Phonics we will be consolidating the letters and sounds the children have already covered, then progressing at each child's own phase level as a whole school.

In the first half of the term, the children will be looking at stories with fantasy settings and traditional tales from around the world. There will be a sustained strong focus on sentence structure and letter formation, whilst also introducing adjectives and conjunctions to make writing more interesting to a reader.

## HISTORY

### How has transport evolved over time?

In the first half of the Autumn Term our history topic will be Travel and Transport through the ages. We will be trying to answer our BIG QUESTION by looking at how transport has evolved from the Viking long boat to travel now and even into the future! This will of course involve our trip to the Milestones Museum. Year 1 will also learn about significant individuals who shaped the way we travel today through their vision and initiative. They will be comparing modes of transport and trying to decide which mode of transport has impacted the most upon our world today!

## PE

This term Year will have indoor and outdoor lessons. During the indoor sessions we will be learning about dance and movement based on some of our favourite toys. In the outdoor sessions the class will be learning about throwing and catching as well as practicing these new skills whilst moving and tracking the balls. We will also be swimming every Monday at Durrington Swimming Pool.

## MATHS

Maths lessons this term will be consolidating and extending the children's prior learning. Lessons will be based around place value, the number system, adding and subtracting. We will also be learning more about 2D and 3D shapes as well as measurement and introducing standard units of measurement into our learning. We will end the term by discussing halving and doubling and money!

# Year 1 Autumn Term 2021

## PSHCE

Along with celebrated national events, Year 1 will be learning about keeping safe and how to be a hazard another during our PSHCE sessions. After half term PSCE will be all about healthy bodies and what constitutes a healthy lifestyle.

## GEOGRAPHY

### How do you get to school and why do you travel in this way?

After half term Year 1 will be learning about the area surrounding our school. They will be using maps and map-based computer programs to locate the school and find local points of interest.

The children will be learning some geographical language to describe the local area. They will also get a chance to create their own birds eye view imagine of the school based upon this.

## SCIENCE

Year 1 will be studying, Animals Including Humans. We will begin by looking at how animals change as they grow up and be introduced to the life cycles of several animals, including humans. We will also discuss the three basic needs of animals for survival (water, food and air). We will apply this knowledge, to suggest ways to look after pets. We will finish the term by looking at healthy lifestyles, including the importance of exercise, healthy eating and hygiene. These healthy living lessons develop 'working scientifically' skills through investigating the impact of exercise on our bodies and how handwashing is essential for good hygiene.

## ART

Mrs Henley will be leading Pre-Prep's art lessons, they will be revisiting the theory of colour which they touched upon in Reception. Later in the term they will be experimenting with different techniques to make a 3D hot air balloon!

## ICT

In ICT this term the children will spend some time learning how to navigate Purple Mash they will soon be able to create their pour paint projects, save and retrieve their work. They will also be introduced to the idea of coding and how to move a character around a screen using a series of codes.

## RE

In our RE lessons the children will learn about kindness and the importance of caring for others, by exploring the values of different religions. This includes reading stories from different faiths and learning about religious festivals and practices. The children will also learn to explore a story from different perspectives.
